

PUBLIC POLICIES

ACCESS TO RESOURCES FOR DEVELOPMENT OF MUNICIPALITIES IN DECLINE

Project Objectives

The aim of the project is to initiate a discussion on the problems of the most underdeveloped municipalities. Although, there are a number of programs, oriented to building local capacity for development, they do not reach the actually poorest municipalities, since there cannot be found even minimum prerequisites for establishment of local partnerships.

Project Implementation Tools

- Studying the main socio-economic problems in selected municipalities;
- Organization of a round-table talks in Sofia on the problems of the most underdeveloped municipalities, attended by the mayors of these municipalities, representatives of MRDPW, MLSP, MES and NGO.

Project Status

In progress

Results

- Report on the problems of the most underdeveloped municipalities;
- Organized round-table talks on the problems of the municipalities.
