

ROMA PROGRAM

SPECIALIZED LIBRARY WITH ARCHIVE "STUDII ROMANI"

Project Objectives

- Organization and institutionalization of a Library and archive of Roma-related books, studies, research works;
- Establishment of a resource center, supporting the future research works on Roma people in Bulgaria and South-East Europe.

Project Implementation Tools

- Collecting books, related to Roma people from Bulgaria and abroad;
- Collecting scientific publications and works by non-governmental organizations;
- Collecting materials from the periodicals and the existing Roma editions from Bulgaria and abroad;
- Collecting an audiovisual archive (documentary films, music, etc.);
- Collecting field study materials (description of ethno-cultural traditions and their modern changes, folklore, etc.).

Project Status

In progress

Results

The database of available books, periodicals, audiovisual archive, etc. is expected to be accessible via the Internet portal of ethnic minorities in Bulgaria - <http://www.ethnos.bg/>.

The Library is accommodated at the Ethnographic Institute and Museum of BAS.
