

ROMA PROGRAM

STATE OF ROMA PEOPLE IN BULGARIA II: ROMA REPRESENTATION

Project Objectives

- Designing a pattern for identification of Roma leaders and Roma representation;
- Studying the relationships between "real" Roma leaders and Roma NGO elite;
- Identification of Roma representation and its turning into a factor upon making of adequate Roma policies.

Project Implementation Tools

- Analysis of the social stratification in the Roma community;
- Analysis of informal leaders and NGO-elites in Roma community and the relationships between them;
- Analysis of the current Roma policies.
